Request for Quotation (RFQ) 20220620_FMIL Video Production in IL, USA

Purpose:

Generations For Peace (GFP) is seeking a video production company/freelancer to produce, film, and edit one short video.

About the project

Generations for Peace is implementing the “**Youth INTERACTS**” project funded by Laureus Sport for Good Foundation and Generation Amazing, the legacy program of the Qatar 2022 FIFA World Cup, in partnership with the New American Welcome Center at the University YMCA (NAWC) and Gary Comer Youth Center.

The project goal is to build inclusive and peaceful societies that embrace ethnic, cultural, and physical differences. Its objectives are to foster trust, empathy, and acceptance of diversity among and between diverse youth through sport.

The project follows GFP’s Sports and Life Skills For Peace approach that uses carefully-facilitated sport-based activities to engage Delegates to drive teamwork and cooperation with a carefully-selected Target Group (TG) of youth. Each activity focuses on a conflict transformation learning outcome and includes a facilitated peer group discussion to connect and apply that learning outcome to the real community context.
